Liam Wade is facing the biggest change in his life since marrying his best friend, Janelle, and adopting her daughter. He's rich, successful, and Leigh is the perfect, approved, wife for him. Before he settles down to give his daughter the best family he can, he wants one week away, to think. Just to make sure that he can leave half of himself hidden and marry without love, because Liam has one big problem in all of this -- he's gay.

Micah Adamson is the owner of a vineyard in Rochester NY, and has yet to find the partner he knows is out there for him. he believes in love and wants forever, and one day he knows he will find his 'forever' man. He attends a wine festival in Santa Monica, seven nights in a beautiful hotel on the beach.

Micah wants to show that love between two men includes affection, understanding, and can be forever. Will he make Liam see sense?
